ABOUT BETHANY

Bethany is one of the largest faith-based, not-for-profit providers of seniors' services and affordable housing in central and southern Alberta. We understand that the needs of seniors and adults with disabilities change throughout different stages of life, and our priority is to offer the highest quality holistic care, housing and support each step of the way.

We celebrate and embrace aging. For over 75 years, Bethany has been a voice for seniors in Alberta. As the seniors population grows, so have we, responding to the needs of the communities we are in. Inspired by our legacy of faith, love and a passion to serve, we create caring communities for seniors.

Our residents benefit from holistic care of mind, body and spirit that is unique to our communities. We invite you to come see what life is like at Bethany.

OUR VISION

- Leading the Transformation of Albertans Aging Well

OUR MISSION

Creating Caring Communities through:

- Inspiring Leadership
- Responsive Services
- Innovative programs
- Exceptional People
- Life Affirming Relationships

OUR VALUES

We Care

We are a person-centred organization. Our care is rooted in compassion and kindness. We demonstrate the highest ethical standards in everything we do.

We Show Respect

We build strong, genuine relationships with our residents, our tenants and each other. We treat everyone with consideration, empathy and dignity.

We are Responsible

We recognize the privilege and responsibility of providing care to others. We steward our resources carefully to ensure that we are accountable to those we serve and those that support our work as a not-for-profit society.

We Embrace Diversity

As a faith-based organization, we honour the spiritual beliefs of every person we serve, those with faith traditions and those without. We are open and welcoming to all, knowing that we are made stronger by the diversity of our communities.

CREATING CARING COMMUNITIES

We provide a variety of housing and care options, ranging from independent living to supportive living, long-term care, specialized dementia care and community services. Our communities are welcoming, safe and comfortable, but the true differentiator is our quality of care. We are dedicated to excellence in care delivery for all of our residents. Providing excellent customer service is at the heart of all we do.

A PLACE TO CALL HOME

Finding a new place to call home is a big decision, whether you are making the choice for yourself or on behalf of a loved one. Bethany provides appropriate care for every resident to live their life with dignity, respect and compassion. Most importantly, living at Bethany provides seniors and their families with freedom.

Every resident is unique and is treated as such. Our person-centered approach guides us as we work to meet the specific needs of our residents. Relationships are at the center of all we do and creating positive relationships within our communities promotes a higher quality of life for all. Imagine having the independence to enjoy life and be engaged in the community. This is what life is like at Bethany.

LIFE AT BETHANY

We believe in providing holistic care of the mind, body and spirit. We also celebrate diversity and this is reflected in everything from the faith and spiritual resources available to all residents, to the menu choices offered at our communities. We strongly believe in helping seniors achieve their full potential by engaging in meaningful activities that align with their interests, needs, dreams and expectations. A few of our programs include: occupational, recreational, music and pet therapies.

Our employees and volunteers live out our Mission of Creating Caring Communities. We provide a multi-disciplinary approach to health care that includes physical, mental and spiritual well-being. Our employees are one of the reasons we stand out amongst other health care providers.

Volunteers are the heart of the Bethany community and contribute in diverse ways to the quality of life of our residents, helping to provide a variety of social and recreational opportunities.

Our approach to building quality teams, developing staff and creating meaningful relationships with our residents to provide quality care is working. Bethany is recognized as an employer-of-choice in Alberta, achieving 15 top employer awards since 2000.

MULTIFAITHFULNESS AT BETHANY

As a multifaith-based organization, we honour the spiritual beliefs of every person we serve, those with faith traditions and those without. At Bethany, our residents benefit from holistic care of the mind, body and spirit unique to our communities. Professional Spiritual Care Practitioners are part of our residential care teams and contribute to the care plans of our residents living in long-term care. We are the only care provider that includes a professional spiritual component as part of every resident's assessment.

SPIRITUAL CARE

Bethany is committed to providing for the spiritual well-being of all residents through interactions that honour their individual spirituality. Our onsite chaplain and multi-faith team of chaplains and faith partners engage with residents one-on-one and offer a variety of programming activities that range from meditation, to hymn sing, and worship that nurtures the inner life. All activities are optional and residents and their families may choose which, if any, they would like to participate in.

THERAPY AT BETHANY

Our therapy programs are designed to help residents enhance their quality of life as we take our residents' clinical needs very seriously. Working together, our employees and therapists assess every resident to create a therapeutic program designed to support greater overall health and happiness. Volunteers assist with many of our therapy programs including helping with social activities or exercise, such as walking.

OCCUPATIONAL

The goal of occupational therapy is to promote health and wellbeing. Occupational therapists assess all residents and help those requiring rehabilitative support to find meaningful and enjoyable activities.

RECREATIONAL

Our recreation therapists use social interaction in a meaningful way to help meet social, spiritual, emotional and physical needs of residents. Whether it is enjoying time in the outdoor courtyard, playing games or spending time working on a favourite hobby, residents have a variety of activities they can choose from including:

- Exercise activities
- Reminiscing activities
- Bedside activities (for residents who are limited to their rooms)
- Craft activities to spark creativity and group interaction
- Sensory stimulation activities which contain fun, large group activities that appeal to their senses

MUSIC

Through the power of music, our music therapy program allows residents to benefit from greater social interaction, improve cognitive stimulation, improve moods and in some cases, reduce medication. For residents living with dementia, music therapy can be very helpful.

PETS

We know the importance of connecting with animals and welcome pets in all of our care environments. Our pet policy supports healthy and safe interaction for all residents on site.

PHYSICAL

As people grow older, they often face physical and emotional changes. Our physical therapists assess all residents and provide support of those who will benefit from our personalized rehabilitative programming to help manage the aging process.

START HERE

As people age, they face challenges their loved ones may not know how to address. Fill out the assessment below to help identify areas of concern.

ACTIVITIES OF DAILY LIVING (ADLS)	✓	✓
On my own, I am able to	YES	NO
Dress		
Bathe		
Get up from a chair/bed		
Use the toilet		
Use the phone/remember phone #s		
Prepare and eat nutritious meals		
Keep up with housework		
Keep up with yard work		
Shop and do errands		
Get around the home without falling		
See and hear well (using glasses/aids)		
Safely be alone for long periods of time		
Make and keep appointments		
Take all medications as directed		
Manage chronic health conditions		
Get help in an emergency		
Access transportation		
Manage finances		
TOTALS		

If “NO” is checked just a few times and you are able to successfully manage your home environment, look at getting help to manage any areas of concern from:

- 1. A family member, trusted friend or neighbour;**
- 2. Home care services.**

At some point, you may need additional help - such as adult day programs, assisted living or long-term care.

ADULT DAY PROGRAMS	
When a senior lives independently	✓
Would benefit from more social interaction	
Family needs respite from caregiving	

Basic Programs: for medically stable individuals that focus on socialization

Comprehensive Programs: for medically complex individuals requiring rehabilitation, social work and/or nursing

To see how an Adult Day Program would benefit you, talk to your Alberta Health Services Care Manager or call 811.

MOVING TO A NEW COMMUNITY

SENIOR COMMUNITY	
When a senior	✓
Can manage their Activities of Daily Living (ADLS) on their own	
Desires a maintenance-free home/apartment	
Needs increased security and monitoring	
Would benefit from social interaction	

Bethany's seniors' communities include affordable and fair-market priced housing for seniors and persons with disabilities who want to enjoy an active, independent lifestyle.

SUPPORTIVE LIVING (SL)	
When a senior	✓
Can safely be alone for long periods	
Needs assistance with ADLs	
Needs management for chronic conditions	
Needs nutritional support	
Would benefit from social interactions	
Needs medication/treatment management	

SUPPORTIVE LIVING (SL)

A supportive living community is a good option for independent seniors who want to live in a community setting and also for seniors who may need some assistance with activities of daily living. Residents of supportive communities enjoy the convenience of meals, light weekly housekeeping, a personal response system, and life enriching activities. Care services can be provided by Alberta Health Services (AHS).

DESIGNATED SUPPORTIVE LIVING (DSL)

Designated supportive living offers 24-hour support by health care aides and licensed practical nurses, in addition to the supportive living services noted above. Residents are referred to designated supportive living through AHS, following an assessment by a health care professional.

Options in HOUSING + CARE

LONG-TERM CARE (LTC)	
When a senior	✓
Needs cueing to navigate activities	
Cannot safely be alone for long periods	
Has mobility/balance issues	
Requires assistance with bathroom needs	
Is unable to move safely without assistance	
Requires a two-person transfer	

LONG-TERM CARE (LTC)

Long-term care provides around-the-clock professional care and support for people with complex health needs who are unable to remain at home or in a supportive living environment. Residents coming into long-term care are referred by AHS, after being assessed by a health care professional.

HOUSING

Housing options provided by Bethany Care Society include affordable self-contained and fair-market priced housing properties for seniors and adults with disabilities who want to enjoy an active, independent lifestyle.

Affordable rental apartments provide independent seniors a quality place to live at rates that are geared to income or set below current market rents. Some properties offer affordable housing for adults and small families with reduced incomes.

Life Lease suites at Sundance on the Green OFFER an attractive option for seniors who want to be part of an active retirement community in a condo-style setting. Life Lease will provide a buy-back at the original price less an 8% administration fee. Monthly fees are similar to a condominium fee.

Opening Minds Through Art (OMA) program at Bethany Cochrane.

Residents enjoying the large outdoor barbeque patio.

Bo Levi Mitchell and the Kindness Ninjas visit Bethany Airdrie.

Residents at Bethany Riverview celebrate Stampede.

life at Bethany

Bethany is a community for seniors who enjoy the best of active living.

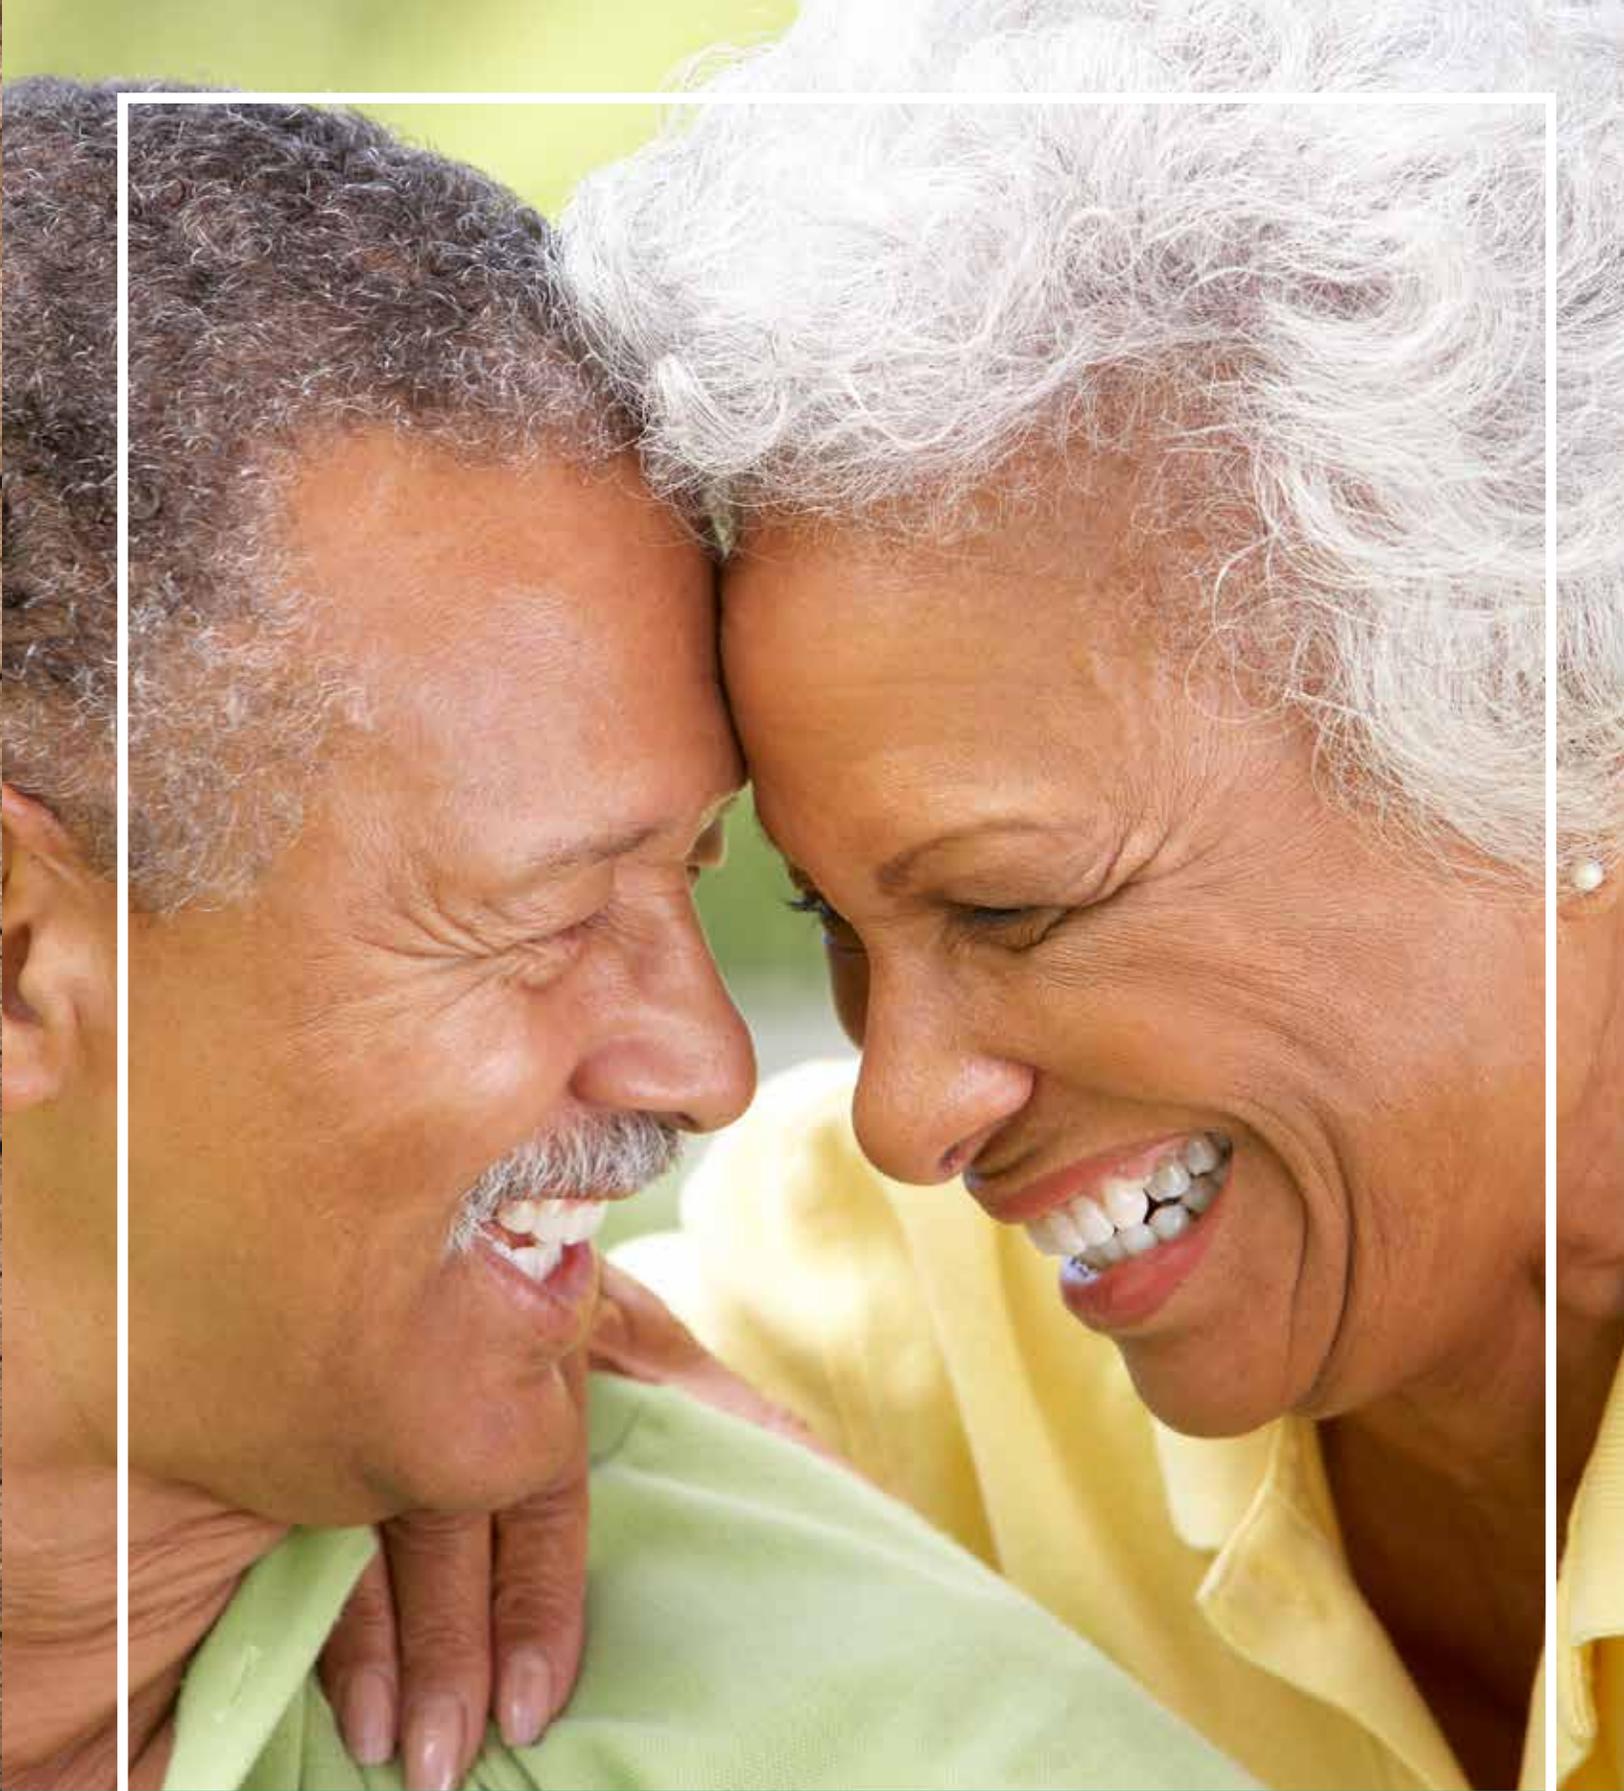

Everyday is filled with activities such as games nights.

Living at Bethany means friendship, security and comfort.

Bethany Calgary's Charlie providing pet therapy.

LONG-TERM CARE + Supportive Living

BETHANY AIRDRIE

AMENITIES:

- Access to Bus Routes
- Outdoor Patio and Gardens
- Common Dining Room
- Secure Areas for Residents with Dementia

Bethany Airdrie is in the heart of the city and well-connected to the community. Bethany Airdrie offers a caring environment for individuals along the continuum of care. A 74 bed long-term care program includes a 22 bed unit designated to support individuals requiring dementia care. An inclusive Palliative and End-of-Life program is available for residents in their later stages of illness. The Recreation and Occupational program promotes engagement and resident integration into the community through attendance at functions/events and physical wellness.
